TRITEL COMMUNICATIONS, INC. AND TRITEL	)	
FINANCE, INC ("TRITEL") FOR ISSUANCE OF A	)	
CERTIFICATE OF PUBLIC CONVENIENCE AND	)	CASE NO.
NECESSITY TO CONSTRUCT A PERSONAL	)	2001-135-UAC
COMMUNICATIONS SERVICES FACILITY IN THE	)	
LOUISVILLE MAJOR TRADING AREA [EAST	)	
GLASGOW]	)	

O R D E R

On September 14, 2001, American Towers, Inc., Tritel Communications, Inc. and Tritel Finance, Inc. ("Applicants") filed an application seeking a Certificate of Public Convenience and Necessity to construct and operate a wireless telecommunications facility. The proposed facility is to be located at 1685 Tompkinsville Road, Glasgow, Barren County, Kentucky. The coordinates for the proposed facility are North Latitude 36° 58' 27.51" by West Longitude 85° 53' 46.9".

The Applicants have provided information regarding the structure of the tower, safety measures, and antenna design criteria for the proposed facility. Based upon the application, the design of the tower and foundation conforms to applicable nationally recognized building standards, and the plans have been certified by a Licensed Professional Engineer.

Pursuant to KRS 100.987, the Applicants have submitted the uniform application to the local planning unit. The Joint City-County Planning Commission of Barren County, Kentucky approved the proposed construction. The Applicants have filed applications with

the Federal Aviation Administration and the Kentucky Airport Zoning Commission seeking approval for the construction and operation of the proposed facility. Both applications have been approved.

The Applicants have filed evidence of the appropriate notices provided pursuant to 807 KAR 5:063. The notices solicited any comments and informed the recipients of their right to request intervention. The Commission received comments from two property owners but no requests for intervention or a public hearing have been filed.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, the Applicants should notify the Commission if they do not use this antenna tower to provide service in the manner set out in their application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the proper practices, including removal of the unused antenna tower, which should be observed by the Applicants.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that the Applicants have demonstrated that a facility is necessary to provide adequate utility service and therefore a Certificate of Public Convenience and Necessity to construct the proposed facility should be granted.

IT IS THEREFORE ORDERED that:

1. The Applicants are granted a Certificate of Public Convenience and Necessity to construct a wireless telecommunications facility. The proposed facility is to be

located at 1685 Tompkinsville Road, Glasgow, Barren County, Kentucky. The coordinates for the proposed facility are North Latitude 36° 58' 27.51" by West Longitude 85° 53' 46.9".

2. The Applicants shall immediately notify the Commission in writing if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 8<sup>th</sup> day of November, 2001.

By the Commission

ATTEST:

  
Executive Director
